F. T. D. messages to 10 W. Randolph Street, Chicago

# To Our Customers

We invite your orders for the merchandise listed in this catalog, with assurance that we are equipped to give you goods of the highest quality and service of the first rank

Fifty-seven years in business as seed growers and merchants, have equipped us with a world-wide knowledge of dependable sources of supply. We have held and each year increased our business by constant insistence upon the highest standards of quality in everything we buy and sell.

In flower seeds you will find our list to be the largest offered in the United States and everything which is listed, is carried in stock and can be supplied if at all obtainable.

Orders from dealers are given the right of way in our wholesale departments. Our aim is to fill and ship orders the day after they are received.

We maintain one of the largest seed laboratories in the United States and neither buy nor sell any seeds which have not been tested and found to be of satisfactory viability.

Advertising material to inform your customers that you handle Vaughan's Seeds can be supplied if desired, thus enabling you to take advantage of the wide-spread good will which our 56 years of conscientious business dealings have created.

Extra copies of this list will be supplied for your department heads on request.

NOT WARRANTED .- We do not warrant in any way, expressed, or implied, the contents, or the description, purity, productiveness, or any other matter, of any seeds, bulbs or plants, sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on the above terms, no sale is made hereof, and he must return them at once, and money will be refunded. Subject to above conditions we make this sale, at the moderate prices at which we sell our goods.

Vaughan's Seed Store (Incorporated).

All prices in this list cancel previous quotations and are subject to advance without notice.

TERMS: Sixty days to Seed Houses of approved credit, except on cash items named below, or on special quotations. Bills to houses not regularly in the catalogue seed trade are due the first of the month following date of purchase. Payable in United States funds.

Grass, Farm, Bird and Clover Seeds, Onion Sets, Potatoes, Fertilizers, Raffia,

Reeds, Insecticides, Mushroom Spawn and Flower Pots are always net cash.

Garden Tools, Supplies of many sorts, not included above, 30 days net.

CASH DISCOUNTS.—We allow a discount of  $1\frac{1}{2}$  per cent for cash with order, and on sixty-day goods paid for within 10 days (excepting items sold for net cash, or so quoted).

DISCOUNTS ON STANDARD RETAIL PACKETS FOR RESALE

In no case will a discount be allowed where the retail value of the order sent in at one time is less than \$1.00.

There is a definite loss on orders for less than \$1.00 except accompanied by a remittance. We will, however, allow a discount of 40% from the retail prices of packets (only) if a check for the full amount accompanies the order. The cost of entering such orders on the records and ledgers is too expensive.

For orders for packet seeds to be placed in your stock and resold, discounts on prices in our SPRING RETAIL CATALOG will be given as follows:

25 per cent on orders amounting to \$1.00 or more (for packets only exclusive of special offers and collections) when less than 5 of a kind are ordered at one time.

30 per cent on orders (for packets) from \$1.00 to \$5.00, when at least 5 of a kind are ordered.

40 per cent on orders (for packets) for \$5.00 and over, when at least 5 of a kind are ordered.

25 per cent on single ounces, if order for such amounts to \$1.00 or over and when the variety ordered is not priced by the ounce in this catalog. (The green list.)

20 per cent on single pounds, Peas, Beans and Corn, on orders for such amounting to

\$1.00 and over.

25 per cent on trade packets from the "Book of Florists" on orders amounting to \$1.00 and over.

10 per cent on special offers and cut-rate collections, excepting bulb collections, on which no discount can be allowed. Postage will be charged on all such offers.

No order will be charged to open account for an amount less than 25 cents. SEEDS MAILED PREPAID.—We prepay postage, insurance, express or freight when so ordered and charge same to customer's account.

INSURANCE.—If package exceeds \$2.00 in value it will be sent by insured mail (insurance fee added on invoice) or express, and if prepaid such prepayment charged to customer. If purchaser wishes seeds by parcel post not insured, at own risk—he must so state when ordering.

Routing Shipments.—Railroad or Express routes given by buyers, which should be on each order, will be strictly followed by us where possible. In all cases where the route is left to our judgment we will select the best we know, but entirely at the risk of the buyer, we assuming no responsibility for delays in transportation.

Please use on every order the following words as routing instructions: "FREIGHT," "EXPRESS," or "MAIL." AVOID the words "SEND" or "SHIP."

None of these seeds are

returnable. They are sold

outright.

# Vaughan's Vegetable Seeds

PRICES in this list cannot fairly be compared with those at which seeds of the same varieties harvested from the common run of plants may be offered.

Vaughan's Seed Store carry only one grade of vegetable seed, and that the very highest grade of select market growers' strains. The rigid inspection and selection of superior plants from which alone stock seed is saved, and the constant care required in rogueing the seed crop, necessarily involve much heavier production cost, than does the harvesting of seed from the common run of plants.

This additional cost is slight, however, compared with the great difference

in your customer's crops.

Certificates of purity and germination, while important, give no clew to the breeding of seed, which here as in the animal kingdom, is the real key to quality.

We strongly recommend that you follow our practice and permit only the highest grade of seed to enter your store, since this policy will in the long run be most profitable to you, because it is most profitable to your customers.

# VAUGHAN'S BUSH BEANS

Our Beans are all grown under our direct supervision, and are quoted

F.O.B. Idaho, Michigan, or Chicago, Ill.

To keep beans free from mixtures and true to type, we find it necessary to thoroughly rogue our seed stocks each year and to examine all growing crops at least once during the season. Northern grown beans have the greatest vitality. 5 to 25 lb., per lb., 1 cent above 25 lb. price.

# VAUGHAN'S SWEET CORN

We are headquarters for Early Sweet Corn. This seed is grown by our selves on our own Michigan farms and is free from flintiness. It is carefully saved, husked in the field, and then dried in crates. This proper care in growing and storing gives it a uniformly high germination, a much higher average than we have ever secured elsewhere. We have superior strains of Golden Bantam, Vaughan's Earliest, Bantam Evergreen, Howling Mob, Early Evergreen, Golden 60 Day and White 60 Day.

# VAUGHAN'S SQUASH

Vegetables popularly known as pumpkins and squashes are all members of the family Cucurbita; and it has long been known that their popular classification did not agree with their botanical relationships. Many so-called pumpkins belong to the species to which most so-called squashes belong; while numerous so-called squashes, including the marrows, are botanically members of the species in which most pumpkins are included.

Recently there has been agitation in favor of reclassifying these vegetables in seed catalogs, on the basis of their botanical status, including as pumpkins all members of the specials Cucurbita Pepo and C. Moschita; while classifying as squashes, the species Cucurbita Maxima only.

Since the botanical classification has no significance for the home gardener, or housewife, and it could only create confusion among seed users to list, for example, the delicious squashes Table Queen, and Sweet Potato, as pumpkins, we have decided to continue the classification to which our customers are accustomed. But following the description of each variety we give in parentheses, the botanical classification, as Cucurbita Pepo, C. Moschita, or C. Maxima, as the case may be.

#### VAUGHAN'S YELLOWS RESISTANT CABBAGES

The yellows disease is spreading so rapidly in sections where cabbages are grown commercially, that already there are numerous sections where only resistant seed will yield a crop. We specialize in seeds of resistant strains and recommend them for all localities where the yellows disease is prevalent. See Page 6.

# Caughan's The Tower Seeds

# FOR 49 YEARS we have been specializing in Flower Seeds. Through many inspection

trips we know personally the Euro-

pean growers and their cultures, as well as those of the United States. We are thoroughly familiar with sources from which to supply our stocks with the best strains to be had; many are grown especially for us. We, in no case, sacrifice quality for price, but a study of our prices will show that our rates will meet any competition for equal quality,

Our list contains all the best novelties we know to be worthy of cultivation and are improvements on the older kinds or entirely new varieties, as well as all the standard sorts. The quality of our seeds is the very best, and our prices are

reasonable.

Quantities of 1/4 lb. and over are charged at the pound rate (1/8 lb. at the oz. rate). 1/2 oz. at the oz. rate. 10c is the lowest price we charge on any orders on any items ordered by weight, regardless of the price per unit.

We do not sell half ounces where the price per ounce is 15c or under.

All prices are subject to change without notice.

# Key to Symbols

Annuals. These attain full growth from seed, flower and die first year.

#Biennials. These grow from seed the first year, bloom and die the next, though some varieties bloom the first year.

(1) Perennials.

. Greenhouse Plants. Start inside and cultivate in pots, or else, transplant outside when danger of frost is over.

+Stove Plants. To be grown inside all the year round for pots only.

=Climbing Plants.

# SUNSHINE ASTER (Improved Anemone Flowered) 24 In.

Some of the flowers have twisted petals and some have quilled petals; all have a cushion center of tiny quills of a contrasting color which makes a flower look as if it were covered with snowflakes. The blue flowers are dotted with a paler blue and some in white, and the rose in a lighter shade of pink or white. A wonderful cut-flower variety, the flowers last a long time after cutting.

#### VAUGHAN'S MAPLE LEAF GIANT MIXED The Four Inch Pansy

A distinct variety we introduced 2 years ago. The colors include a wide range of bright colored varieties on plants of compact habit with large attractive foliage. The majority of the flowers will average 4 inches across.

Tel. Cipher, Paneolan, 1/8 oz., 90c; 1/4 oz., \$1.70; oz., \$6.00; lb., \$90.00.

Vaughan's "Improved" Swiss Giants, a blend of four growers' stocks and contains a large

#### VAUGHAN'S SWISS GIANT PANSIES

This is the most sensational pansy novelty of many years. The flowers are very large, borne on long stems, of perfect form and substance. They are most freely produced and about as early as the Hyemalis or "Ice" pansy type. The plants bloom all summer. Their most important charm however is in their great variety of colors such as were not known in any pansy mixture before the advent of these Swiss. Giants. Every seedsman should carry this strain. We are the introducers in this country and are proud of it.

## "CHICAGO PARKS" LAWN SEED

Originated and Named by Us Alone

5-lb, box

1-lb, box

#### VAUGHAN'S HIGH-GRADE LAWN GRASS SEED

Vaughan's Chicago Parks and Columbian Mixtures are of the highest grades. There are no brands so well or favorably known, and our many years of extensive advertising of these mixtures make them sure and ready sellers.

## VAUGHAN'S "CHICAGO PARKS" FORMULA

 Package Quantity Prices for This Mixture.

 One-Pound Cartons (sell for 40c each) each 25c...Per 100 lbs...\$22,50

## VAUGHAN'S OTHER MIXTURES

"COLUMBIAN" LAWN GRASS MIXTURE, for shaded places, or sandy soil. Prices same as Chicago Parks.

VAUGHAN'S No. 40 LAWN MIXTURE. Intermediate grade. 100 lbs. \$17.00; less than 25 lbs., 19c per lb.

"GOOD MIXED" GRASS SEED.

100 lbs., \$14.50; less than 25 lbs., \$161/2c per lb.

## VAUGHAN'S No. 25 LAWN MIXTURE

An Economy Mixture Containing NO TIMOTHY

We have prepared this blend to fill the demand for a mixture which is both inexpensive and at the same time free of objectionable timothy so widely used as a lawn seed adulterant. Our No. 25 has, as its chief ingredient, the grass which is used for winter putting greens on southern golf courses. It comes up as quickly as timothy, will last longer and makes a fine appearance if kept cut. No. 25 should be cut as soon as it is long enough, and kept short.

#### PRICES

We carry a full line of native and imported grass seeds and would be pleased to have your inquiries. We can quote to advantage. We buy direct from growers and are recleaners.

Prices, while higher than last season, are still moderate. Lower prices seem improbable while higher prices, for various reasons, are generally and the prices.

erally looked for.

## GRASS SEED DEALS

A Vivid Window Streamer Printed in Five Colors Which Will Bring You Business Furnished Free to All Dealers

## Vaughan's Chicago Parks Contains No Timothy

This mixture is blended according to the formula proved in our fifty years' experience to be the best for permanent lawns under American conditions. Recent scientific experiments confirm our experience. Kentucky blue grass and red top form the bulk of this mixture, to which are added white clover in the correct proportion. Produces a lawn that will endure.

All Grass Seed sold on net cash terms, transportation extra, and bags included except where noted.

#### A B C LIST OF SUPPLIES A MARGIN FOR THE DEALER

We have priced the following Horticultural Supplies on such a scale that a fair profit is left to the seedsmen on a re-sale basis whether he sells to the amateur or to the market grower. There are, however, some articles of which the makers seem to cover the jobbing lines themselves, leaving but small margins between their jobbing prices and consumer's figures. In such cases we have not been able to give the dealer sufficient margin. These we have priced so dealers may pick up many odd items to please customers and supply prompt service without loss and mostly at some slight profit.

We solicit dealers' inquiries for all these supplies which seedsmen desire to stock for retail counter trade. By quoting you a full line and shipping by freight we can make such advantageous prices and saving in transportation charges as will bring the total cost to you below the total if bought in ten different places.

and expressed to you.

Aprons, made of the best quality black sheeting, each, \$1.65; Dozen, \$16.80. BAGS (Seed). Securely finished bags of the finest paper material for this purpose. 250 and over of one size furnished at 1000 rate. Smaller quantities at 15% advance over 1000 rate. Printing \$2.50 per 1000 for 5000 or less, one color. Over 5000, \$1.50 per 1000. 25c for each change of copy.
